Terms, Recapture and Default:

- The assistance provided to each homebuyer, at the time of closing, will be in the form of a second mortgage. The second mortgage will be recorded in the Public Records of Brevard County. It is a Deferred Payment Loan (DPL) at zero percent (0%) interest and is forgiven in accordance with the following schedule:

Level of Assistance	Lien Period	Forgiven annually
Under \$15,000	5 years	20% per year
\$15,000 - \$20,000	10 years	10% per year

IF AND ONLY IF:

- The property must remain the principle residence of the homebuyer for entire lien period (five, ten or fifteen years).
- In addition to repaying the unamortized principal balance of the assistance provided by the City, an owner will be required to pay the City a share of the net proceed (if any) from the sale, proportional to the original amount of assistance received based on the following formula:

Percentage of Net Proceeds Due City = City Subsidy / Sale Price at time of assistance X 100%

e.g. City Subsidy = \$15,000
 Sale Price of Home at time of assistance = \$150,000
 Percentage of Net Proceeds due City = \$15,000/\$150,000 X 100% = 10%

Amount of Net Proceeds Due City when assisted property is sold

e.g. New Sale Price of assisted property = \$175,000
 Net proceeds from sale = \$25,000
 Pro-rata Share of Net Proceeds Due City = \$25,000 X 10% = \$2,500

- In the event of default (the property is no longer the homebuyer's principle residence OR the home is sold BEFORE the lien periods specified above are over, then the interest is 5% and the remaining balance must be paid in full to the City of Melbourne.
